Subject: GLB Railroad.
From: Tom <TForburger@msn.com> - Sunday 06/05/2016 11:31 AM

Deny the Great Lakes Basin Railroad. There is no need for this railroad to destroy Farms and homes. The Major Railroads say they won't use it. It will cut up Farms, cause drainage issues by cutting off ditches and tiles. It will cost hundreds of Farmers their Farms and homesteads. Many which have been in their families for generations. The runoff of rain water will enter our streams and water supply. Almost every county board in it's path have drafted letters against project. The 15,000 acre rail yard near Manteno and Grant Park will destroy 2 cemeteries and take almost the entire township of Sumner. Putting many Farmers out of work by taking their land. We don't want the noise pollution, air pollution, or water pollution that this project would cause. DENY THE GLB proposal.

Thank you, Tom Forburger
