Dear Surface Transportation Board:

I am writing regarding the proposed Great Lakes Basin Transportation proposal. I have been a resident of Janesville Wisconsin for my entire life. The route of this proposed railroad cuts through some of the most prime farmland in this country. Also, there are many century farms in this area that have been in families for over 100 years. I don't feel this is fair to be able to take farmland from farmers for personal gain. Please deny this request from Frank Patton and the Great Lakes Basin Corporation.

Sincerely,
