Docket No FD  
35952

Dear Sir,

I am writing to you to express my concern of the plan of building a railroad track from Northern Wisconsin to east of Milton, Wisconsin.

I own a farm in the path that has been chosen for this track and would be very disappointed if the track would involve crossing by taking away some of my property. It would make planting crops difficult as it would involve going miles around to reach part of the farm for planting and harvesting with our machinery.

I have lots of wild life that would be run off, the noise would frighten all the deer and turkey and birds. My family has lived here for over 55 years and enjoyed building up the land.

The church I attended for 20 years and cemetery where most of my family is buried from the 1800's means damage of being disturbed.

Please do not allow the railroad to be built.

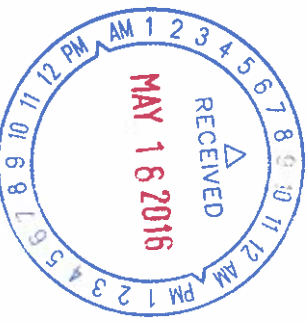

Sincerely,

Barbara D. Merriam
