Re: Savage Tooele Railroad Company (Finance Docket 36524) – Acquisition and Operation Exemption in Tooele County, Utah

Dear Ms. Brown:

Lineage Logistics, LLC is submitting this letter about, and in support of Savage Tooele's Railroad Company (STR)'s Notice of Exemption cited above. We are scheduled to close on 40 acres of potentially rail served property within the Lakeview Business Park in Grantsville, Utah but the transaction is pending the STB approval of STR's proposed rail construction and rail service operation described in STR's Notice of Exemption filed September 2, 2021.

Lineage Logistics, LLC plans to spend approximately \$100,000,000 to develop this site into a first class, rail serviced cold storage and distribution facility. Since its founding in 2008, Lineage has grown into the largest cold storage logistics provider in the US and the World. This location will add over 100 new team members to the already 30,000 strong global Lineage team of associates. Lineage manages the flow of more than 30% of the food consumed in the US and 15% in the World. Rail is an efficient and critical means of transportation for the Cold Chain that transports perishable food products from producers to consumers worldwide. As such, rail is critical to Lineage and its customer's plans for this location.

Lineage Logistics, LLC respectfully requests that the STB review the above referenced Notice of Exemption to bring this open item to a decision point so that Lineage may advance or terminate the project.

Thank you for your time in reviewing this letter.

Sincerely,

Robert Sangdahl
Vice President of Real Estate
Lineage Logistics, LLC

I certify that I have this day served a copy of this letter upon all parties of record in this proceeding, by email.
