Transcript:

I'm calling regarding the Finance Docket number 35087 regarding the purchase of, by CN of the EJ&J Railway for a bypass around Chicago. We are already impacted just by the number of trains that come through. We are on the other side of those tracks and for us to get to any kind of medical services we have to cross those tracks. It will be absolutely unacceptable to have the volume that they are talking about coming through here without, you know, extensive building of overpasses and it's just a bad idea all around. You can count me as a negative. If you need any further comments from me or any further confirmation for the call, my number is 815-254-3566. Thank you
