My property backs up to the EJE tracks. After seeing the boards outlining CN's plans I have huge concerns. Of course it will destroy the rustic quiet of this neighborhood and bottom out our property values but there are more concerns I hear they ship mostly petroleum products and some hazardous waste and chemicals. That just adds insult to injury. We have been here 30 years enjoying in property with countless dogs, cats and horses (I run an animal rescue). I have huge concerns about health hazards for my 2 legged and 4 legged family from having these trains and their cargo in my back yard - literally. That doesn't even cover damage to plants and wildlife. The EJE tracks are a conduit for local wild creatures to go from forest preserve areas to near suburbs and back. Allowing this would be a disaster to the suburbs!!
