I'd just like to comment that I am against the uh railroad coming through here. I don't see any need for it, I don't think it's going to be an asset towards any, to any of the communities involved in it. Um, if they were giving us something, you might even consider it, but there's nothing they're giving us, they're getting everything out of the deal, and it's just tyong us up. Thank you
