Message:

If the EJ&E sale is completed and the amount of daily train traffic increases from 15 to 42 per day, auto traffic congestion will be a distaster. Congestion is already a problem, so the occurrence of more trains will only increase problem. It would be a different story if the roads went over or under the tracks, but that is not the case. This sale would be extremely detrimental to traffic in the Naperville/Aurora area. Thanks.
