Transcript:

Yes, it was issued in, you know, an online form. I am a researcher doing some work on the proposed acquisition of the Elgin, Joliet, and Eastern by Canadian National and I have encountered a problem in that my computer does not easily handle the pdf format documents that the environmental was <cut off>. I am wondering whether or not I could be mailed either in whole or in part the environmental impact statement itself. I realize that it is probably very voluminous, but I thought I would ask you at any rate because it would be very difficult and expensive for me to pull it off either my computer or the computer at a public library, which in fact may not, which may not even have that capability either. So at any rate, I hope you can accommodate my request. Thank you very much for you attention. Good bye now
