Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: August 27, 2008

August 27, 2008

The negative impact would be felt on many, many levels: extreme traffic congestion, dividing our 1 community into separate subdivisions, dividing neighborhoods, reduce response time for emergency vehicles (ambulance, fire, police.) decreasing property values, danger to animal life, huge increase in noise levels.

Get the picture? Would you want to live within this community with such distress to our life style?
