

Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am a trustee for the Village of Deer Park, and I speak both as a village official and a private citizen. CN's proposal to create a 'train superhighway, the Midwest Express,' through our residential community is the epitome of corporate greed over the individual rights of citizens. CN has not gone nearly far enough in addressing the health, safety and environmental issues that would be created by the sale of the EJE line. Many residences in Deer Park rely on private wells, which could be rendered unusable if a train spill occurred. In addition, public safety vehicles could be delayed if the crossing on Cuba Road is blocked for any length of time. Currently, trains often block that crossing because of the rail configuration through Barrington and this problem would only be exacerbated by additional trains.

YOUR INPUT IS IMPORTANT!
