My name is Sandra Sahp. I recently attended the open house regarding this issue, um, last week. I do have a concern. I was looking at all the numbers and they all look reasonable. But my concern is the lack of oversight. In other words, what prevents Canadian National from changing those numbers once this sale is a done deal? And reducing the trains from 19 to 2 sounds good but what prevents them from saying "Oops, we made a mistake. We're going to have to increase these." So, my concern is the lack of oversight and what are the consequences if the Canadian National violates these numbers? My contact number is 847-356-1625. My email is ssp-samsampaul0002@comcast.net. Thank you. Bye-bye.
