Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

There should be no approvals until
quantifiable traffic counts for a year
taking all seasonal factors as well as
time of day factors into calculations

There must be guarantees that no
commuter service disruptions will be
tolerated. Fines levied if it happens.

CN should pay for Key "bridges" over
Key traffic lanes such as Rt-14.
Alternate underpass would also
be acceptable.

With the cost of fuel being what it
is, environmental impact needs to
be thoroughly studied along with
associated increased costs to the
driving public.

YOUR INPUT IS IMPORTANT!
