Dear Esquire Tienlan

My husband & I hope
Canadian Nat'l Railways
can purchase C.N.T.

① Being U.S. citizens, we
have numerous R.R. x's
between our home &
the hospitals. ② There are
too many trains between
our grandchildren & home
in Q'side & their elementary
school/middle school. ③ Stalled
trains promote Pollution.

Being American &
wanting the Olympics
2016 here in the USA, we
need to address ways to
decrease Chicago Pollution.

I hope you agree.
Sincerely, Michael Ann Pokraka
