

LT. 02271. UNKNOWN. BRUENS. PETZ. WOOD. O.N.

Dear Sirs,

I currently live in Barrington and moved here because I thought that Barrington was a great place to raise a family with great school districts. If you let these CN ins through I feel like I have lost property value already with the burden of these trains trafficking up our area and making it polluted with noise . I feel like no one would want to live in Barrington anymore. Please don't allow this to happen to our community and please fight for us and not let this happen .
