I am adamantly opposed to having uh the uh EJ&A Railroads through the area. I already have to deal with traffic on 22 heading east and have encountered freight trains there that are the same railroads and have been late for jobs, have been late for medical appointments, have been even late getting to a surgical appointment for my parents. Um, this has a huge impact on my life, I have already changed my route to avoid going on Route 22 east anywhere during certain hours of the day so as to avoid these freight trains. I am a registered nurse, I am on call from multiple times and procedures at different hospitals and I have to be accessible to my job at any time of the day and night, and as a result of some of these railroad freight trains that operate at anytime of the day or night, I've, like I've said, been late and it's almost impossible to um, know how long a journey that should take only 10 minutes is gonna to take if you have to deal with a railroad crossing with freight trains. Um, anyway I'm adamantly opposed to the um railroad through the area of Gilmer and Old McHenry. My phone number is 847-540-6035.
