Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I believe that this acquisition would be a major burden to an already over-taxed transportation system in Barrington. I am the owner of a commercial building on Main Street and run a CPA practice from this building. This acquisition would damage my practice and make the downtown a virtual ghost-town. The downtown business environment is not supported very well as it is; additional and increased traffic congestion would do even more damage.

Saying all this I also believe that Barrington has a responsibility to explore options such as laying track underground. This city has to enter the 21st century and not be subject to the whims of outside influences.

YOUR INPUT IS IMPORTANT!
